THOMAS W. PICKFORD.

Ward 2.—DONALD P. CAMPBELL.

JOHN M. DRESSER.

EDDIE O. GILBERT.

Ward 3.—FRANK E. SLOANE.

GILBERT PERRY.

RICHARD E. ERICKSON.

Elected bi-ennially by the people.

Inaugural Address.

**Delivered by the Mayor, Hon. John B. Gilbert,
April 1, 1902.**

Gentlemen of the City Council:

We stand today at the opening of a new municipal year. Chosen by our fellow citizens as their public servants, we cannot but feel a deep sense of responsibility to them for the faithful discharge of our official duties.

To serve them faithfully, honestly, disinterestedly, and have constantly in view their welfare and happiness, should be our purpose.

Municipal government has its dangers and temptations. There is a large amount of money to spend. There is constant temptation and constant opportunities to waste it. Our past municipal history emphasizes the fact that the general standard of our municipal honesty and municipal patriotism is beyond reproach, and I am glad to record my belief that conditions are improving every year.

I appreciate most deeply the honor accorded me, in being selected to fill the office of mayor. I think I have a right to feel that my selection is an expression on the part of my fellow citizens of their belief that with all my failings and shortcomings I will try to serve them faithfully during my term of office. I hope to have your cordial co-operation to the end that we may together, in our respective stations, serve the city to the full measure of our official capacity.

SCHOOLS.

I have nothing especially new to offer in my review of this department. Our schools are our pride. They have attained a high standard. They are managed by our school board most efficiently. Our teachers are doing faithful work, and as a whole I believe we have a right to feel proud of them.

HIGHWAYS AND SIDEWALKS.

We spend a great deal of money on our streets. In this climate there must necessarily be large expenditures for temporary repairs of our highways, but in my judgment we should try to do each year some permanent work in the way of macadamizing, concreting, etc.

I call your attention to the condition of things on the East side of the Boston & Maine Railroad. I am informed that the extension of Mason street was laid out two years ago and land damages paid. I recommend that this work be completed this year.

Last year's committee on finance recommended an appropriation of \$8000. This sum, in my judgment, will not be sufficient to carry out the work already in view, considering that there should be considerable work done on the East side of the river in the way of laying out and repairing streets, and there ought to be a concrete sidewalk laid on Main street commencing at Mason street and built as far as the railroad crossing opposite Ste. Anne's church. I recommend an appropriation of \$10,000 for this department.

SEWER DEPARTMENT.

There are still a number of petitions before the council left over from last year and most of them should be granted. Last year's finance committee recommended an appropriation of \$2500 for this department, which, in my judgment, is a very conservative amount. The efficiency of our sewer system is so intimately connected with the public health, that we should make it a point to extend the system as rapidly as possible.

FIRE DEPARTMENT.

I am pleased to be able to commend the work in this department. The service is efficient. The record is good. It is important that we maintain the efficiency of this service, for our business interests demand it.

POOR DEPARTMENT.

For a number of years this department has been practically under one management, which has been economical and efficient, and the results go to show the wisdom of keeping responsible men in responsible positions. We must not neglect the poor, but without doing so we can run the department economically. We have done this in recent years.

Let us try to maintain and, if possible, raise the standard of service.

The outlook for the year to come is good. Business ought to be good. There is a prospect for many new buildings and labor ought to be well employed. The great business and educational advantages

of our city ought to attract desirable, permanent residents, and we should do all we can lawfully to attract them. Let us work together harmoniously and make the year 1902 the banner year of our municipal history.

FINANCE.

The following is a brief financial statement of the city, showing its liabilities and balance at close of business February 15, 1902:

LIABILITIES.

School bond at 4 per cent.	\$ 6,000 00
Town of Berlin at 4½ per cent.	70,000 00
City of Berlin at 4 per cent.	50,000 00
<hr/>	
Total bonded debt.	\$126,000 00
Outstanding notes.	51,660 60
<hr/>	
Total debt.	\$177,660 00

RESOURCES.

Due from W. A. Pingree, collector for 1901.	\$ 18,133 02
Due from W. A. Pingree, collector for 1900.	2,497 74
Due from J. E. Gonya, collector for 1899.	897 24
Due from J. E. Gonya, collector for 1898.	109 48
Due from C. L. Doe, collector for 1895.	16 28
Due from Berlin Aqueduct Company ½ sewer on Madison street.	551 62
Due from L. J. Cote for widening street.	100 00
Sinking fund.	41,725 00
Cash on hand.	1,613 78
<hr/>	
	\$65,644 16
Leaving a net city debt of.	112,015 84
An increase of.	4,658 73

A careful examination of last year's report by the tax payers, will, I believe, afford them much satisfaction, considering that during the year the city spent nearly \$6500 to defray small pox expenses. This emergency was unforeseen and of course unprovided for, and is largely the cause of the increase of the city debt for that year.

Ordinances.

AN ORDINANCE granting location and construction of the Berlin Street Railway Co.

Be it ordained by the City Council of the City of Berlin, as follows:

The following location is granted to the Berlin Street Railway Company along Main street, in the city of Berlin. Beginning at the Pumping station of the Berlin Water Company, the track of the said railway company shall run along the easterly side of Main street as close to the limits as possible to a point near the Berlin Mills Company's store. At that point the track shall swing to the middle of the street, and run in the middle of the street a short distance past said Berlin Mills Company's store, where it shall swing again to the extreme easterly side of the street, and run along said extreme easterly side to a point nearly opposite the William Wilson homestead. Along that part of the street between said Berlin Mills Company's store, and said Wilson homestead, which is commonly called "The Narrows," the said Street Railway Company shall widen the street so as to make room for its track outside of the travelled road, as the same now exists, for such a distance as shall be approved by the Mayor and Street Commissioner. At said point nearly opposite the William Wilson homestead said track shall swing again to the middle of the street, and shall run along said middle of the street as now used, to Postoffice square, where it shall swing again to the extreme easterly side of the street, and run along said easterly side of the street to a point just below C. N. Hodgdon's house; the street to be widened where necessary to make said street a safe and sufficient thoroughfare as the Mayor and Street Commissioner may direct. At said point just below said C. N. Hodgdon's house said track shall swing to the extreme westerly side of the street, and run along said westerly side, as much out of the travelled portion of the street as possible, to the Gorham town line. But if said Railway Company, or other persons interested, shall apply to the Mayor for a change of said location at any time during the building of said road, the Mayor may, if he deems best, make such change.

The side tracks and turn-outs along said location, above granted, shall be located at such points as shall be consented to by the Mayor and Street Commissioner.

The grade shall be in uniformity with the present grade of the street, except in such places as the Mayor and the Street Commissioner may direct it to be cut or filled in anticipation of future improvements; except that said Railway Company may, with the consent of the Mayor and Street Commissioner, cut or raise the grade at other places along its location than those where they are directed to, but at all such places where the grade is thus cut or lowered, with the consent or acquiescence of the Mayor and Street Commissioner, but not by their direction, said Railway Company shall at its own expense forthwith cut or fill the grade of the street to a level with the track as laid; and if it shall fail or neglect to do so, the said city may do said cutting or filling, and said Railway Company shall reimburse it for all the expense of so doing. The rails shall be laid on a level with the street grade.

Wherever there is a liability that surface water will collect or be obstructed on account of the construction of the track, or tracks of said Railway Company, or wherever it is so collected or obstructed, hereafter by said track, or tracks, said Company shall at its own expense construct such drains and culverts, or take such measures to direct such water as the Street Commissioner shall direct.

The poles and posts necessarily used in the construction of said railway, and in the proper maintenance of the same, shall be approved by the Mayor and Street Commissioner, and in the business portion of said Main street, said poles shall be of straight, hard chestnut, and shall be painted such color as the Mayor and Street Commissioner may direct. And all of said poles shall be placed in the edge of the sidewalk, outside that part of the street used by vehicles, as the electric light poles are now placed.

Trolley wires, feed wires and all other wires shall be maintained not less than twenty (20) feet above the grade of the rail, and guard wires shall be placed over said trolley wires whenever the Mayor and Council may from time to time so order.

If the style of rails used by said Railway Company shall hereafter prove unsatisfactory to the Mayor and Council, the said Railway Company shall, upon six (6) months' notice from the Mayor and Council, put in rails known as the Girder rails or such other rails as the Mayor and Council may direct.

The said Railway Company shall at its own expense clear the snow from its tracks, and shall not, except with the consent of the Street Commissioner, deposit it in the street alongside the track, but shall draw the same away, and, if the removal of said snow from said railway track shall render the street so uneven, inconvenient, or dangerous, as to necessitate the removal of snow from portions of

the street not covered by said tracks, said Railway Company shall also at its own expense remove said snow at the direction of the Street Commissioner.

Said Railway Company shall not, between the pumping station above mentioned and said Wilson homestead, run its cars at a greater rate of speed than ten miles an hour; and between said Wilson homestead and Postoffice square, it shall not run at a greater rate of speed than six miles an hour; and from said Postoffice square to a point near the transformer station of the Cascade Electric Light and Power Company, it shall not run its cars at a greater speed than ten miles an hour.

If at any time it shall be necessary, in the laying of sewer pipes or water mains, or other underground constructions, or in the laying out and making of new streets, or in the doing of any public work, temporarily to remove any of the tracks, or appurtenances of said Railway Company, said Railway Company shall at the request of the Mayor and Street or Sewer Commissioner, and at its own expense, remove said tracks and appurtenances, and, if it shall delay such removal, the said city may remove the same and the expense of such removal shall be repaid to it by said Railway Company.

Said Railway Company shall save said city harmless from all loss, cost, damage and expense in consequence of, or in any way arising out of, the construction, maintenance and operation of said railway; And said Railway Company shall leave all of the streets in which it shall construct its tracks in as good condition as the same were before construction of said tracks; and, if it shall fail or neglect so to do, said city may itself put the same into such condition, and the said Railway Company shall repay and reimburse it for all the expense of so doing. And under no circumstances shall said Railway Company ever have or maintain any claim against said city on account of any interference with said railway, its tracks, appurtenances, or traffic, which shall be rendered necessary by the construction or maintenance of any public work.

The foregoing requirements and provisions are in the nature of restrictions, subject to which said location is granted, and all of said restrictions are made strictly the conditions of said grant, and said Railway Company shall not build its tracks upon, nor operate its line of railway along any portion of said location, except upon a full and complete acceptance of said conditions and restrictions, and such building or operation by said Railway Company shall have the effect of, and shall be a complete assent to, and acceptance of, said restrictions and conditions.

Passed May 14, 1902.

Approved.

JOHN B. GILBERT, *Mayor*.

Attest:

W. A. BOOTHBY, *City Clerk*.

AN ORDINANCE relating to animals running at large in the city of Berlin.

Be it ordained by the City Council of the City of Berlin, as follows:

SECTION 1. No person shall permit or allow his swine, neat cattle, horses, sheep or other creatures to be at large upon any of the streets of the City of Berlin.

SECTION 2. Any person violating the foregoing section shall be punished by a fine not exceeding twenty dollars (\$20.00), or by imprisonment not exceeding sixty (60) days.

Passed June 6, 1902. Approved,

JOHN B. GILBERT, *Mayor*.

Attest:

W. A. BOOTHBY, *City Clerk*.

AN ORDINANCE in relation to muzzling vicious dogs.

Be it ordained by the City Council of the City of Berlin as follows:

No person who is the owner of a dangerous or vicious dog shall suffer the same to run at large within the city limits unmuzzled; and any owner or keeper of a dangerous or vicious dog who shall suffer the same to run at large unmuzzled, after being directed by the City Marshal to cause the same to be muzzled, shall be punished by a fine not exceeding twenty dollars (\$20.00).

Passed August 5, 1902. Approved,

JOHN B. GILBERT, *Mayor*.

Attest:

W. A. BOOTHBY, *City Clerk*.

AN AMENDMENT to the ordinance entitled "An Ordinance granting location and construction of the Berlin Street Railway."

Be it ordained by the City Council of the City of Berlin, as follows:

By striking out the word "twenty (20)" in the last line on the 26th page of the "Book of Ordinances" and inserting the word "eighteen (18)" in place thereof, so that said ordinance shall read, "Trolley wires, feed wires and all other wires shall be maintained not less than eighteen (18) feet above the grade of the rail, etc."

Passed December 9th, 1902.

Approved,

JOHN B. GILBERT, *Mayor*.

Attest:

W. A. BOOTHBY, *City Clerk*.

Resolutions.

A RESOLUTION to raise five thousand dollars (\$5000) in anticipation of the taxes for the year 1902.

Resolved by the City Council of the City of Berlin, as follows:

That the sum of five thousand dollars, (\$5000) be raised in anticipation of taxes for the year 1902, to defray the expenses of the several departments of the city, and that the City Treasurer, be, and hereby is authorized to give the note or notes of the city for that amount, at a rate of interest not to exceed four and one-half (4½) per cent. per annum.

Passed April 1, 1902.

Approved,

JOHN B. GILBERT, *Mayor.*

Attest:

W. A. BOOTHBY, *City Clerk.*

A RESOLUTION to raise six thousand dollars (\$6000) in anticipation of taxes for the year 1902.

Resolved by the City Council of the City of Berlin as follows:

That the sum of six thousand dollars (\$6000) be raised in anticipation of taxes for the year 1902, to defray the expenses of the several departments of the city, and, that the City Treasurer be and hereby is authorized to give the note or notes of the City for that amount, at a rate of interest not to exceed four and one-half (4½) per cent. per annum.

Passed May 6, 1902.

Approved,

JOHN B. GILBERT, *Mayor*.

Attest:

W. A. BOOTHBY, *City Clerk*.

A RESOLUTION to fund the floating indebtedness of the City of Berlin.

Resolved by the City Council of the City of Berlin as follows:

That the City Treasurer be, and hereby is, authorized to issue

bonds of the City of Berlin to the amount of Sixty thousand dollars to redeem outstanding notes, and to pay the floating indebtedness of the City, at a rate of interest not exceeding three and one-half per cent.; that they shall be issued as valid debts of the city, only for that amount, and shall be so drawn as to mature at the rate of three thousand dollars per year, beginning one year from date of issue; that said bonds shall be payable to the bearer, and shall be issued under the authority of, and in accordance with the Municipal Bonds act of 1895, and that there shall be raised in each year, three thousand dollars, with an additional amount equal to the interest that year accruing on the unpaid portions of said bonds to pay the same. The treasurer is authorized to fix the place of payment, and the rate of interest, not, however, exceeding 3 1-2 per cent. per annum, and to sell the same—but he shall not sell said bonds at less than par except by the directions of the mayor and finance committee.

Passed May 14, 1902.

Approved

JOHN B. GILBERT, *Mayor*.

Attest:

W. A. BOOTHBY, *City Clerk*.

A RESOLUTION to raise eight thousand five hundred dollars (\$8500) in anticipation of taxes for the year 1902.

Resolved by the City Council of the City of Berlin as follows:

That the sum of eight thousand five hundred dollars (\$8500) be raised in anticipation of taxes for the year 1902, to defray the expenses of the several departments of the city, and that the City Treasurer be, and hereby is, authorized to give the note or notes of the city for that amount, at a rate of interest not to exceed four and one-half ($4\frac{1}{2}$) per cent. per annum.

Passed June 3, 1902.

Approved,

JOHN B. GILBERT, *Mayor*.

Attest:

W. A. BOOTHBY, *City Clerk*.

A RESOLUTION exempting from taxation the O. L. Hinds Company, a corporation organized under the laws of Vermont.

Whereas—The O. L. Hinds Company, a corporation existing under the laws of the State of Vermont propose to install in the City of Berlin, N. H., a plant for the manufacture of clothing of

various kinds and employ a capital of not less than fifteen thousand dollars (\$15,000) in the operation of said plant.

Now therefore be it resolved by the City Council of Berlin, as follows:

That the said O. L. Hinds Company and all such machinery, tramways, appliances and buildings as are necessary for the prosecution of its business, shall be, and the same are hereby exempted from all taxation in the City of Berlin for the full period of ten years from and after the date of the passage of this resolution.

Passed July 1, 1902.

Approved,

JOHN B. GILBERT, *Mayor*.

Attest:

W. A. BOOTHBY, *City Clerk*.

A RESOLUTION to raise a sum not exceeding \$5000 in anticipation of taxes of 1902.

Resolved by the City Council of the City of Berlin as follows:

That a sum not to exceed five thousand dollars (\$5000) be raised in anticipation of taxes for the year 1902, to defray the expenses of the several departments of the city and that the City Treasurer be, and hereby is, authorized to give the note or notes of the city for that amount, at a rate of interest not to exceed four and one-half ($4\frac{1}{2}$) per cent. per annum.

W. A. BOOTHBY, *City Clerk*.

A RESOLUTION in relation to the investment of the Sinking Fund.

Resolved by the City Council of the City of Berlin as follows:

That the City purchase Danbury, Conn., Town Bonds, issue of April 1st., 1902, on a thirty year term, to the amount of forty-five thousand dollars (\$45,000) and pay premium thereon, and appropriate for that purpose so much of the Sinking Fund of the current year, as is necessary, and the City Treasurer be, and hereby is, authorized to draw from said funds the amount so necessary for the purchase of said bonds, and purchase and accept delivery of the same for and in the name of the City.

And that the City Treasurer is hereby authorized and ordered orthwith to notify all banks in which the Sinking Funds of the City

are deposited that the same will be withdrawn in ninety days from date of notice for purpose above mentioned.

Passed July 3, 1902.

Approved,

JOHN B. GILBERT, *Mayor*.

Attest:

W. A. BOOTHBY, *City Clerk*.

A RESOLUTION exempting from taxation certain pulp^s and paper mills, with their appurtenances, proposed to be erected by the Berlin Mills Company of said Berlin.

Whereas the Berlin Mills Company, a corporation by law established and having its principal place of business in Berlin aforesaid, proposes to erect and operate certain pulp and paper mills, to be located at and near the Cascade Power, so called, and near the Cross and Smith Power, so called, and also on the upper Furbish Power, so called, and also any additions to and adjoining said Company's present paper mill, all in said city of Berlin, provided said City will exempt from taxation said mill property and the capital used in operating the same for a term of ten years, and,

Whereas it is desirable that the establishment of manufacturing industries in our City be encouraged by all reasonable and lawful methods, therefore

Be it resolved by the City Council of the City of Berlin as follows:

That said Berlin Mills Company be and hereby are exempted from taxation in said City for the full term of ten years on certain pulp and paper mills with machinery, proposed to be erected and operated by said Company at and near said Cascade Power, so called, and at and near said Cross and Smith Power, so called, and also any additions to or adjoining said Company's present paper mill all on the Androscoggin River in said Berlin for the purpose of manufacturing pulp and paper and other fabrics, together with the land on which said mills are located, including what is reasonably necessary to accommodate said mills, and all capital used in operating same, including accumulated manufactured stock.

Passed July 21, 1902.

Approved,

JOHN B. GILBERT, *Mayor*.

Attest:

W. A. BOOTHBY, *City Clerk*.

A RESOLUTION to amend resolution No. 54, entitled "Appropriation for Band Concerts."

Resolved by the City Council of the City of Berlin, as follows:

That resolution No. 54, passed April 14, 1902, be amended as

follows, by striking out the following: "\$100 to be paid to each of the two bands in the city, if each band will furnish one concert per week, one to be given at the upper end of the city, and the other at the lower, from June first to October first," and substituting the following, "or such part of that amount as the Council may deem advisable to pay for services rendered by any band."

Passed December 9, 1902.

Approved.

JOHN B. GILBERT, *Mayor*.

Attest:

W. A. BOOTHBY, *City Clerk*.

Resolution.

A RESOLUTION to the memory of George E. Burgess.

Resolved by the City Council of the City of Berlin, as follows:

That the City Council of the City of Berlin receives with sincere sorrow the sad intelligence of the death of George E. Burgess, late an esteemed and beloved citizen of this municipality.

Resolved that the City Council appreciates the sterling worth of the deceased, laments the great loss our community has sustained, and deeply sympathizes with his family in their bereavement.

Resolved that these resolutions be spread upon the City Records, and a certified copy thereof transmitted to the family of the deceased.

Passed September 12, 1902.

Approved.

JOHN B. GILBERT, *Mayor*.

DEPARTMENT REPORTS.

Report of City Solicitor.

BERLIN, N. H., February 15, 1903.

To His Honor, the Mayor, and City Council of the City of Berlin:

Since my election (January 13, 1903) to fill the unexpired term of Solicitor John E. Benton, only one matter has come up that required my attendance upon the Superior Court. I refer to the matter of the petition filed in court by the city, January 8, 1903, to restrain Lewis C. Hodgdon et al from erecting a certain building on Main street, on the ground that the same constituted a public nuisance. A preliminary hearing was had at Laconia, January 15th, and a temporary injunction granted. However, the same is to be dissolved upon the defendants complying with the terms of a certain agreement used as the basis for a settlement of the whole matter out of court, and approved and ratified by the City Council.

Respectfully submitted,

EMILE H. TARDIVEL, *City Solicitor.*

Sanitary Department.

REPORT OF BOARD OF HEALTH.

BERLIN, N. H., February 15, 1903.

To His Honor, the Mayor, and City Council of the City of Berlin:

We beg to submit herewith the sixth annual report of the Board of Health of the City of Berlin, N. H., for the year ending February 15, 1903.

On account of the extra expenses thrown upon this department, and which do not rightly belong to it, we have been obliged to overdraw our appropriation. The failure of timely repairs upon the sewer at the Glen crossing, and the breaking of the same, and a short line of surface sewer near the underpass, cost us nearly \$200. In caring for contagious diseases which, in previous years were covered by the city physician, we expended about \$150. This excludes the expenses of small pox.

Sewers.

A large number of houses have been connected with the city sewer during the past year, most of them being on the east side of the river. Our sewer system is rapidly filling in the small streets, so that a continuation of work in this line will soon give us a good system of sewerage, which is so necessary for the good health of the public.

Plumbing.

The time has come when this city greatly needs a system of examination and inspection of plumbers and plumbing, as nothing is more detrimental to the health of the public than defective plumbing. We are sorry to say that there is a great deal of defective plumbing in the various tenement blocks throughout the city, and it is mostly in these places that the cases of contagious and infectious

diseases arise. We believe that there is no better way to improve and regulate this important branch of sanitary work, than by the adoption of Chapter 55 of the laws of 1899, which provides for a board of examiners and inspectors. This board serves without compensation from the City.

Small-pox.

At the beginning of the year there were twelve cases of small pox in the city; the total number of cases for the year is fifty-two. At the present time we are free from this disease. We are naturally exposed to this disease, being surrounded by so many lumber camps, in which there are frequent outbreaks of it. A large number of the patients were not residents of the city, but the disease being contagious, the city was obliged to take upon itself the responsibility and expense of quelling it. By a recent ruling of the Supreme Bench of this state, the county must stand the expense of all cases coming under the County Poor, which will greatly lessen the expense to the City should there be any cases during the coming year.

Below we give a table of contagious diseases for the past year.

Disease	No. of cases.	No. of deaths.
Small Pox.....	52.....	0
Diphtheria.....	14.....	2
Measles.....	48 reported.....	7
Membranous Croup	2.....	1
Scarlet Fever.....	7.....	0
Typhoid Fever	22 reported.....	3

Respectfully submitted,

L. B. MARCOUX,

JAMES MOFFETT,

J. B. LANGIS,

Board of Health.

Engineer's Report.

REPORT OF CITY ENGINEER.

BERLIN, N. H., February 15, 1903.

To His Honor, the Mayor, and City Council of the City of Berlin:

Gentlemen:—I have the honor to submit the annual report of the City Engineer's Department.

The amount of work done in this department, the past year, has been very small. Only such things that were absolutely needed at the present time, were done and there has been little added to the City Maps and plans that were in preparation last year.

A few new streets have been laid out viz: Clarke st., from 1st Ave. to 2nd Ave. 378.17 feet, 2nd Ave. from Clarke st to Mt. Forist street, 233.21 feet, Hillside Ave. extension from Hillside Ave. northerly 3,220 feet, Washington st from Hillside Ave. to School st. 747 feet.

An extensive survey and plan was made of Green street with the object of relocating, widening and straightening the same. Owing to the large amount of money that it was found necessary to spend for land damages, etc., the street was not finally laid out.

Mason street extension by the Boston & Maine Railroad was established and built and is one of the best and most important works accomplished by the Street Department during last year.

The lines of Main street in the Narrows, where a large amount of filling and rebuilding was done, were located and permanent monuments set. Also the East line of Main street was established in Postoffice square and near Glen crossing.

The location of Nadeau street near the Grand Trunk underpass on Green street was found impossible and a new location etc. has been made.

The most important work on sewers, was the rebuilding of the one on Glen Avenue. This sewer became stopped up and broken, the first of June, necessitating a new line and abandoning the for-

mer location. This sewer was part of the main city sewer and was in constant use.

A sewer was built on Main street up Eight street and a branch on Norwegian street, Berlin Mills village, which has long been in demand and was much needed.

An extension to the Willard street sewer was made and is of great benefit to the residents in that vicinity. Smaller branches and extensions which have been built the past year, may be found under the Report of the Sewer Commissioners.

Some of the street lines are very hard to locate, and it has been advised to establish in the future, the bounds and angles of a new street, in such a way as to be permanent, and where possible, to fix a grade.

A new map showing the location of all the sewers, is much needed as the one in use now was drawn in 1894 and none of the sewers that have been built since then are shown. This new map should show also the streets that are already laid out and owned by the City together with the proposed new extensions, etc.

The drawing of sheets for the valuation of the different property, for the use of the Assessors is one of great importance and the matter is one that will doubtless be accomplished, at least in part, during the coming year. These sheets ought to show the number of the streets besides, which is a thing much needed here.

The City has recently purchased a Map Cabinet which now holds 32 maps and plans, six blue prints and a book of sewer Records and one of street Records.

There are also at this office over eight hundred maps, plans, etc., belonging to me, to the use of which the public is welcome for the purpose of consulting and in looking up deeds, records, etc.

I wish to respectfully tender my acknowledgements to His Honor the Mayor, and also to the various Committees of the City Council for the support they have given.

Respectfully submitted

EDWIN S. BRYANT, *City Engineer*.

Department of Highways.

REPORT OF HIGHWAY COMMISSIONER.

BERLIN, N. H., February 15, 1903.

To His Honor, the Mayor, and City Council of the City of Berlin:

I submit herewith the following report for the year ending February 15, 1903, and in it a brief review of the work performed during the year.

In the month of April the principal work was that of rebuilding culverts, as nearly all of them on the Jericho road were in a dangerous and almost impassable condition. There were also several others on other roads, especially the large one near the John Horne brook, on the Milan road.

On the 24th day of April we commenced building the extension of Mason street on the east side of the river, this street having been laid out by the Mayor and Council nearly two years before.

In May we began work at the "Narrows" and have raised the grade of the road at this point nearly three feet, and also widened the road fifteen feet to the line on the west side of the street. This was filled with stone, and I hope and expect that we shall not find so much mud at this place as there has been in previous years.

The month of June was almost entirely spent on the roads outside of the city. Owing to the fact that the road machine was not used the previous year, these roads were in very bad condition; the ditches had become filled, and in many places the middle of the road was lower than the sides.

During July and August the work was on general repairs, and raising the grades near the International Paper Company's railroad crossing on the Gorham road, and also opposite the Parochial school and at a point a short distance above Philip St. Laurent's buildings. These places were all filled with rock, with broken stone on top.

For several reasons we did not begin crushing stone until September. I think this is a mistake, and I would advise my successor to

start the crusher in April this year and resurface the streets, filling up the depressions, etc. I have had E. M. Cross build an elevator for the crusher. It is paid for and stored with other property in W. L. McGivney's store-house and in the basement of the City Building. This, when set up, will reduce the expenses at the crusher.

In October we built the street called Clarke street. This was all ledge work and difficult to handle. Being very close to the houses of J. A. Letourneau and Ruel McGown, the utmost precaution had to be observed in blasting the ledge, thereby making it somewhat expensive. There have been laid out and partially built several new streets, among which are Washington and State streets. On these two streets only enough was done to make them passable.

I built an extension of Church street and did a large amount of work on the street leading to the Burgess mills. We also took up the plank sidewalk leading from Post Office square to the International Paper Company's mills and graded the sidewalk with gravel for a distance of about three hundred feet and set two hundred and twenty-five feet of curb stone. New concrete sidewalks were laid by Monahan & Little from the driveway at the O. W. Fernald stable on Main street to the south line of High street. This work was guaranteed for five years.

Extensive repairs were also made on the sidewalks from Post Office square to Mason street on both sides of Main street. A detailed report of the expenditures of this department will be found under the head of "Highway Department" in the financial report.

It was suggested by the Highway Commissioner in his report last year that a surface drain be laid out and built on High street. This is a much needed job, and should be done at once. We should also have surface drains built on Main street. It will be found necessary to rebuild the bridge on Main street near Stahl Brothers' store, and it should be built of concrete or some similar substance, and with an arch, thereby doing away with planks for covering, which are unsatisfactory and expensive. The sidewalk from High street to the Grand Trunk railway crossing should be concreted this spring as soon as the weather will permit.

I would also recommend that Main street from Post Office square to Mason street be paved, as the heavy and constant traffic between these two points make it almost impossible to keep this street in good condition with crushed stone. I hope that the Mayor and Council will investigate this matter and that they may order it to be done.

I take this opportunity to thank the Mayor and City Council for

their many favors during during the year.

Respectfully submitted,

JOHN B. NOYES, *Street Commissioner.*

Sewer Department.

REPORT OF SEWER COMMISSIONER.

BERLIN, N. H., February 15, 1903.

To His Honor the Mayor, and the City Council, of the City of Berlin:

The work done in this department during the past year has cleared up some of the most needed places in the City. The first sewer built was an extension of the Emery street sewer running up Hemlock street, a distance of 325 feet, of 6 inch pipe. This branch accommodates five houses.

Another branch of sewer was built on Glen avenue, for a distance of 555 feet, of 15 inch pipe. This was built because it was impossible to repair the old one. I was obliged to undermine the street and Glen railroads, and the pipe was expensive, consequently the laying of this sewer was very costly.

A sewer built at Berlin Mills was connected to the main sewer opposite B. K. Davis' residence running along Main street to Eighth street, thence westerly up Eighth street, distances of 360 feet, 8 inch pipe, 400 feet, 6 inch pipe, 150 feet, 5 inch pipe, and a branch from Eighth to Norwegian streets, 275 feet, 6 inch pipe, and 100 feet, 5 inch pipe. This sewer accommodates fifteen houses and was much needed.

In addition to the above, sewers were built on Willard street, from the corner of State street extending to James Malloy's house, 500 feet, 8 inch pipe, and 200 feet, 6 inch pipe; on Broad street, 150 feet, 6 inch pipe, and on Sweden street, 125 feet, 5 inch pipe.

The expense of repairing sewers this year has been greater than in 1901. This is because the pipes were too small, and not laid in a workmanlike manner. A number of them were built nearly on top of the ground. In summer they were stopped up and broken, and in winter I always found them frozen. It is necessary to lay the sewers deep enough to connect all the houses on the street, and in such a way that it will be possible to run from the cellars to the sew-

ers. I wish to call your attention to the Burgess street sewer, to which six houses could not be connected, because it was laid only twelve or fifteen inches from the surface.

The High street sewer is the most expensive one in the city. In 1901 I relaid this sewer, 580 feet in length and about six hundred feet above. It is very troublesome and quite an expense to the city. The pipes are only 5 inch and cannot take care of what comes from the large tenement houses. It is built on top of the ground, and in summer the covering is washed off and in winter it freezes.

All the man-holes and flush-tanks in the city should be thoroughly examined, and rebuilt, as the streets are repaired each year. Many sewers are laid three feet deep to the man-hole covering and are always expensive to get at. Only five of the flush-tanks in the city are in good working order. Three were rebuilt in 1901 and two in 1902. To have all these rebuilt would be quite an expense to the city, yet all further trouble resulting from the stopping up of sewers would be avoided and money would be saved in the end.

In closing I wish to express my thanks to the Mayor, the Sewer Committee and the Council in general, for their consideration in regard to matters relating to this department.

Respectfully submitted,

A. G. ANDERSON, *Sewer Commissioner.*

Total.....	<hr/> \$961 99
Paid City Treasurer.....	\$961 99

Respectfully submitted,

W. A. BOOTHBY, *City Clerk.*

Department of Poor.

REPORT OF OVERSEER OF POOR.

BERLIN, N. H., February 15, 1903.

To His Honor, the Mayor, and City Council of the City of Berlin:

The conditions existing in the City Poor Department at the close of the fiscal year in 1903 are not materially different from those of the preceding year, therefore I do not consider it necessary to go into details to any great extent in this report.

There has been but little sickness among the City Poor and but one death. The fuel famine has caused considerable worryment, but I believe there has been no actual suffering, as wood has been abundant.

I have been able to keep expenses within the appropriation again this year, as the financial report will show.

There is no mistaking the fact that our paupers are increasing each year, but in comparison with towns about us, we must admit that our bills are reasonable. Poor people are constantly coming to our city from other places, undoubtedly attracted here by rumors of new industries soon to be established, or already begun. I believe the coming year will call for a slight increase in the appropriation for this department, although the same amount appropriated last year ought to be sufficient, as I was able to save a few hundred dollars from it.

I have on hand \$42.65 in cash, received from Francois Couture for rent of the house at Berlin Mills in which he lives, and which is owned by the City. During the past year this house has been put in thorough repair and painted. This has been done with the money received for rent.

There has been considerable work done among the poor during

the past year by kind hearted men and women of the city. I desire to thank these people in behalf of the City, and also the Mayor and various officers of the City Government, who have assisted me in the discharge of my duties.

Respectfully submitted,

A. B. FORBUSH, *Overseer of the Poor.*

Tax Collector's Report.

BERLIN, N. H., February 15, 1903.

To His Honor the Mayor and City Council of the City of Berlin:

I hereby submit my report as tax collector for the year 1902, as follows:

Amount committed for collection.....	880,186	67
Amount collected.....	865,845	93
Abatements.....	276	39
	66,122	32
Amount due the city February 15, 1903.....	814,064	35
Amount of interest collected.....	52	11

Respectfully submitted,

GEORGE J. OLESON, *Tax Collector.*

Police Department.

REPORT OF CITY MARSHAL.

BERLIN, N. H., February 15, 1903.

To His Honor, the Mayor, and the City Council of the City of Berlin:

I herewith submit my report of the proceedings of this department for the year just closed with the following remarks and suggestions:

Arrests and Causes.

Arrests, males.....	788
“ females	17
<hr/>	
Whole number of arrests.....	805
Drunkenness	424
Keeping for sale, spirituous liquors.....	179
Keeping for sale, malt liquors.....	113

Nuisance reported to Board of Health.....	28
Notices served to owners of unlicensed dogs.....	102

Amount of property reported lost and stolen.....	\$267 00
Amount of property recovered.....	201 00

Organization and Remarks.

The organization of the department at present is as follows: City Marshal, Assistant Marshal, three Patrolmen, and 41 Special Reserve officers. I have only words of praise for the members of this department for the efficient manner in which they have discharged their several duties. I would acknowledge my obligations to His Honor, the Mayor, and to the members of the City Council, also to City Clerk W. A. Boothby, Judge George F. Rich, and the several City Solicitors whose wise council has been of great value to me. By reference to the detailed report of arrests it will be seen that no crime of a serious nature has been committed in the city during the past year. This is commendable and reflects credit upon the community.

It is to be regretted that we have the disastrous fire of Monday, February 2nd to record, when two prisoners were suffocated in their cells. This, of course, would have been avoided if the city authorities had considered the plan of keeping a watchman at the city building a good one. This accident was unavoidable under the circumstances.

The expenses in this department have not been as much for the past year as for the year previous by \$128.81, as will be seen by reference to the financial report, and the record for this year, as will be seen by the foregoing and the Court's reports, is far in excess of any previous year.

Respectfully submitted,

JOHN T. YOUNGCLISS, *City Marshal*.

Respectfully submitted,

GEORGE F. RICH, *Justice and Clerk.*

Fire Department.

REPORT OF CHIEF ENGINEER.

BERLIN, N. H., February 15, 1903.

To His Honor, the Mayor, and the City Council of the City of Berlin:

In accordance with the law governing this department, I have the honor to submit herewith my annual report for the year ending February 15, 1903, giving in detail the list of fires, the amount of insurance paid, and the amount of loss.

There have been during the year 22 alarms; 9 false, 3 needless, and 10 fires.

March 20, Gideon Bouchard. Loss on building, \$1000; insurance paid, \$1000; insurance paid on contents, \$200.

March 21, Z. Houle. Loss on building, \$291; insurance paid, \$291. Damage to contents, \$100; insurance paid, \$100.

June 24, H. I. Goss. Loss on building, \$1,620; insurance paid, \$1,620. Damage to contents, \$500; insurance paid, \$390.

June 29, P. W. McHugh. Loss on building, \$950; insurance paid, \$950. Damage to contents, \$195; insurance paid, \$195.

July 27, Wm. Chabouneau. Loss on building, \$1800; insurance paid, \$1800.

August 12, P. Campbell. Loss on building, \$531.52; insurance paid, \$531.52. Damage to contents, \$274.78; insurance paid, \$274.78.

August 18, International Paper Co. Loss on building, \$82.44; insurance paid, \$82.44. Damage to contents, \$400; insurance paid, \$400.

August 18, International Paper Company. Damage to contents, \$150.27; insurance paid, \$150.27.

September 12, P. W. McHugh. Loss on building, \$10; insurance paid, \$10.

February 2, City of Berlin. Loss on building, \$1447; insurance paid, \$1447. Damage to contents, \$156.50; insurance paid, \$156.50.

The department consists of 49 men organized as follows:

GEORGE E. KENT, Chief Engineer.

JACOB N. RECORD, First Assistant Engineer.

OLAF C. OLESON, Second Assistant Engineer.

WILLIAM WARDWELL, Captain of Hose Company No. 1.

JAMES LEGASSIE, Captain of Hose Company No. 2.

EDWARD BRODGETT, Captain of Hose Company No. 3.

WILLIAM BEACH, Captain of Hook and Ladder Company No. 1.

Respectfully submitted,

GEORGE E. KENT, *Chief Engineer*

Inventory of City Property.

Three modern hose wagons.....	8850 00
One new Hook & Ladder truck with harness complete..	1,450 00
One life saving net.....	50 00
Thirty- five hundred feet of 2½ inch rubber lined hose.....	1,700 00
Three perfection nozzles and holders.....	105 00
Four underwriters' nozzles.....	40 00
Two brass branches.....	40 00
Ten fire axes.....	29 00
Four sets Berry collars and hames with harness.....	180 00

Assessors' Report.

BERLIN, N. H., February 15, 1903.

To His Honor the Mayor, and City Council of the City of Berlin:

A change of officers in this department does not lessen its needs for a set of maps to aid in the work. Considerable money has already been expended in this line, but it has accomplished nothing, so to speak. Too much was expected for little and the work was undertaken unauthorized and without a proper idea of the requirements. If a sum, not exceeding \$200 per year could be put into this work, and let that amount be used judiciously, we should soon have maps that would aid materially in the correctness of the work in this department. There is much more importance in this than seems to have been attached to it in times past and we can readily see why our predecessors have so continuously hammered away on this point.

We have followed the system introduced by those in office before us and have found it to be a great help.

The figures given in the financial report will speak for our work.

Respectfully submitted,

A. N. GILBERT,

ROBERT SNODGRASS,

E. E. PIERCE,

Assessors for the City of Berlin.

Building Inspector's Report.

BERLIN, N. H., February 15, 1903.

To His Honor the Mayor, and City Council of the City of Berlin:

There is but little to report from this department for the past year. There seems to have been, and in fact, there is a tendency to ignore this office by all who are interested, and as far as the submitting of any plans to the inspector for any building which is proposed to be erected, that is an un-thought-of idea. This, I understand, is the intention of the city ordinance covering this office. If so, its intention is sadly miscalculated.

The only instance brought to my attention during the past year is that of the "Hodgdon" building on Main street. By order of the council I was directed to put a stop to the erection of the same unless plans were submitted that were acceptable. By aid of our City Solicitors, (and it required two, as one moved from the city and his successor was elected during the proceedings) a temporary injunction was procured. During the time before hearing Mr. Hodgdon offered to pay all costs of proceedings and submit plans which should be acceptable to the inspector, if the injunction could be removed. This was all that was desired by the intention of the ordinance, and the injunction was removed. When Mr. Hodgdon presents plans in accordance with the intentions of that ordinance he can continue with the erection of his building.

It is time that a stop was made to the erection of small, cheap buildings in the business part of the city, for sometime, in the near future, these lots will be needed for buildings that would be an ornament to the city, and would be erected if sites could be procured.

Respectfully submitted,

ALFRED LAUZIER, *Building Inspector.*

SEVENTEENTH ANNUAL REPORT
OF THE
BOARD OF EDUCATION
OF THE
City of Berlin, N. H.
FOR THE FISCAL YEAR ENDING
FEBRUARY 15th, 1903.

Organization.

COLUMBUS P. KIMBALL, <i>Chairman</i> ,	.	Term expires March, 1903.
HENRY W. JOHNSON, M. D.,	.	Term expires March, 1904.
ORTON B. BROWN,	.	Term expires March, 1905.

Report of Board of Education.

BERLIN, N. H., February 15, 1903.

To His Honor the Mayor, and City Council of the City of Berlin:

The Board of Education have the honor to submit the following report of the school department:

From February 15, 1902, to February 15, 1903, the schools have been in session thirty-eight weeks,—two more weeks than heretofore

Expenditures.

The total expenditures for the year are \$17,235.09. The items of expense are as follows:

Salaries of teachers.....	\$11,354 06
Care of rooms.....	1,025 71
Text-books.....	938 14
Paper, pencils, etc.....	397 53
Apparatus for Laboratory.....	191 70
Fuel.....	1,205 51
Water.....	243 54
Repairs.....	310 78
Rent, repairs and furniture for Pleasant street school, .	467 00
Incidentals.....	1,101 12

No appropriation was made to cover the cost of repairs and rent of the Pleasant street school; or to pay the salaries of the three teachers, hired since the beginning of the present school year.

This additional and unexpected expense was \$967.57 divided as follows:

Salaries of three teachers.....	\$435 00
Rent, furniture and repairs, Pleasant street school,...	467 00
Janitor, Pleasant street school.....	18 00
Fuel, Pleasant street school.....	21 00
Partition, High school.....	26 57

The total cost per pupil, using the average membership for the fall term as a basis, is \$17.71.

At the opening of the fall term nearly every school-room was crowded beyond its capacity.

To relieve the crowded rooms a part of the Salvation Army Barracks was hired and fitted for a fourth grade school.

Also a partition was run across the sixth grade room in the High school building making room for an additional school.

Then an assistant was engaged for the eighth grade.

By the employment of three additional teachers the schools have been conducted about as heretofore, excepting that some schools are still too large for doing the most successful work.

The teachers have, for the most part, shown a willingness to put up with unfavorable conditions, and have worked hard to keep their schools up to the high standards of last year.

New Buildings.

The growth of the city, and the enforcement of the truancy laws, will make necessary the erection of one, or more, new school buildings, before the opening of the next school year.

It is also necessary to remodel the Brown school so as to take care of the first, second, third, fourth and fifth grade children, living in Berlin Mills village.

The heating apparatus for this building is unsatisfactory, and must be replaced.

The proposed change in this building, including new heating apparatus, is estimated to cost about \$2000.

Owing to the size of the lot it seems best to dispose of the Sessions school, and to build, on some good lot in that vicinity, a four room building so arranged that more rooms may be added when needed.

The citizens living on the east side of the Androscoggin are asking for a school; and, as there are nearly two hundred school children in that locality, it must certainly be provided in the near future.

A petition, signed by nearly every citizen of Berlin Mills living on the east side of the Androscoggin, was presented to us early in the year asking that a one room building be furnished them.

Mr. John Horne has offered to present the city with a suitable lot for such a building.

If this petition is granted it means an annual outlay of four hundred dollars.

These children can be carried to the city schools for two hundred dollars, provided they walk during the time the river is frozen over.

These plans for new buildings do not take into consideration a new parochial school.

If that school takes from the public schools two hundred pupils, there will be room enough for the rest, when the alterations are made in the Brown school.

A source of annoyance to every one connected with the management of the schools, was the failure to get our supply of anthracite coal, on a contract placed in Portland last June.

So far this year we have been obliged to burn bituminous coal and wood.

We feel that, under the conditions, mention should be made of the excellent work of our janitors.

Truant Officer.

A Truant officer was engaged in April, and throughout the year the truancy laws have been faithfully and impartially enforced.

This has resulted in a large increase in the attendance at both the public and parochial schools.

This officer should be retained.

ROLL OF HONOR

Pupils neither absent nor tardy for the year ending June 18, 1902.

High School,

GEORGE P. ABBOTT,

FRANCES S. BOOTHBY,

Cost of Text Books for Grades.

The cost of text books for the year is \$928.79, divided as follows:

High school.....	\$296 62
Eighth and ninth grades.....	67 07
Seventh grade.....	97 48
Sixth grade.....	48 00
Fifth grade.....	53 80
Fourth grade.....	94 90
Third grade.....	71 47
Second grade.....	28 72
First grade.....	36 68
Music.....	134 05

Total.....	\$928 79
------------	----------

The average cost per pupil for text books and supplies, using the average membership for the fall term as a basis, is \$1.38.

Recommendations.

For schools another year we recommend the following appropriations:

Teachers salaries for 30 teachers.....	\$12,000 00
Janitors' salaries.....	1,100 00
Books and supplies.....	1,300 00
Fuel.....	1,400 00
Water.....	250 00
Repairs.....	500 00
Carrying scholars.....	200 00
Incidentals.....	1,200 00

Total.....	\$17,950 00
Amount expected from state.....	1,750 00

Balance to be raised by taxation.....	\$16,200 00
---------------------------------------	-------------

Respectfully submitted,

COLUMBUS P. KIMBALL,
HENRY W. JOHNSON, M. D.,
ORTON B. BROWN,
Board of Education.

TENTH ANNUAL REPORT
OF THE TRUSTEES OF THE
PUBLIC LIBRARY.
OF THE
City of Berlin, N. H.
FOR THE FISCAL YEAR ENDING
FEBRUARY 15th, 1903.

Organization.

HENRY W. JOHNSON, A. B., M. D., *Chairman*,
Term expires March, 1903
WILLIAM P. LADD, A. M., B. D., Term expires March, 1904
ALICE G. MASON, B. S., Term expires March, 1905
HATTIE L. JOHNSON, *Librarian*.
ADRIA HITCHINSON, *Delivery Clerk*.

Trustees' Report.

BERLIN, N. H., February 15, 1903.

To His Honor the Mayor, and City Council of the City of Berlin:

The trustees of the Public Library herewith submit their tenth annual report, being that for the year ending February 15, 1903. For statistics of circulation, etc., we refer you to the report of the Librarian which is appended.

The financial status is as follows:

Receipts.

City of Berlin.....	\$ 650 00
Cash received from Librarian.....	32 71
Subscription.....	8 10
<hr/>	
Total.....	\$ 690 81

Expenditures.

F. M. Clement, rent of rooms.....	\$ 175 00
Hattie L. Johnson, Librarian.....	163 50
De Wolfe, Fiske & Co., books.....	159 34
Berlin Electric Light Co., eleven lights, twelve months.....	55 08
William P. Ladd, cash paid for books.....	53 65
Emma L. Hodgdon, Librarian.....	36 50
F. J. Barnard, binding books.....	18 50
John W. Cadby, books.....	8 00
Stone & Forsyth, paper.....	5 00
Charles S. Clarke, sundries.....	4 92
Barney Press, printing.....	3 75
H. W. Wilson, U. S. Catalogue.....	3 00
Independent Press, printing.....	2 00
Library Bureau, supplies.....	1 50
H. W. Johnson, subscription to periodicals.....	1 00
<hr/>	
Total.....	\$ 690 74

To detail the work of the library in its various departments would be only repeating much that has been written in previous reports. The statement of the librarian is commended to your attention, especially the portion referring to the catalogue. The absence of a finding list of the last 2000 volumes added, about one half the entire collection, seriously decreases their usefulness. We doubt if it would be economical to issue a supplementary list on the plan of the one issued five years ago, although it could be done for less money than would be necessary for the publication of a complete list. But a complete list in dictionary form, in one volume, would throw open to every one, young and old, in convenient shape for use, all the resources of the library, fully one half of which are now inaccessible, except through the librarian's knowledge of what is contained in books on the shelves. To issue a catalogue of this nature would cost not less than \$100, but the benefit to patrons would well warrant the outlay.

The most important event of the year in this connection has been the offer of Mr. Carnegie. This gentleman has written us that he will give \$15,000 for a library building, on condition that the city furnish a suitable site, and raise \$1500 yearly for its maintainance. This offer came through the personal efforts of Mr. A. I. Lawrence, and was made in January, 1903. At a public meeting called by the Mayor for the purpose of ascertaining the popular feeling in the matter, the sentiment was overwhelmingly in favor of accepting the gift. The council thought it wise to delay action till more definite terms and conditions could be obtained from Mr. Carnegie. At this date, nothing further has been heard from him regarding the matter. It is hoped that the idea is not to be strangled with red tape. Berlin needs and deserves a building exclusively for its library, one that is up-to-date, not patterned after those of fifty years ago. Such a one seems almost within grasp, unless some blunder makes us lose it. During the past year, the Council purchased the north-east corner lot of High and Pleasant streets, as a desirable site for the library. The cost was \$1400. The lot is central, sufficiently removed from the noise and traffic of Main Street, and yet easily accessible and sightly. It seems in every way excellently adapted to the purpose.

It has been suggested that the Board of Trustees be enlarged to double the present number. Whether such action would be advantageous to the library, and whether it can be done under the charter as it is at present, are questions for your honorable board to consider.

For the ensuing year we recommend that the following sums be appropriated for the support of the library:

Rent of rooms.....	\$175 00
Services.....	200 00
Books.....	200 00
Lights.....	50 00
Incidentals.....	50 00
Catalogue.....	100 00
<hr/>	
Total.....	\$775 00

Of course these appropriations are contingent on the acceptance of Mr. Carnegie's offer, supposing that it is still in force.

In closing, we take this opportunity for expressing our appreciation of services of the librarian, her faithfulness and untiring efforts to extend and widen the usefulness of the vast fund of information over which she has charge. In efficiency, we think our library ranks second to none in the state existing under similar circumstances.

HENRY W. JOHNSON, { *Trustees,*
 ALICE G. MASON, }

Librarian's Report.

BERLIN, N. H., February 15, 1903.

To the Board of Trustees of the Berlin Public Library

GENTLEMEN:—I herewith respectfully submit my tenth annual report, showing the work for the year 1902. The statistics are as follows:

Accessions.

Number of volumes, February 1, 1902.....	3,607
Increase by purchase.....	227
Increase by gift.....	102
Total increase.....	329
Number of volumes, February 1, 1903.....	3,936
Number of volumes missing.....	2
Number of volumes worn out and withdrawn.....	4
Number of books rebound.....	66

Circulation.

Number of volumes delivered for home use.....	20,505
Largest number in one day, March, 1st., 1902.....	237
Largest number in one month, March, 1902.....	2,157
Number of days open to the public.....	306
Average circulation per day.....	67
Percentage of fiction delivered.....	.74
Number of borrowers registered during the year.....	182
Whole number of borrowers since new registration July 1, 1898.....	1,455
Non-fiction cards in use.....	150

Circulation by Classes.

Fiction.....	15,254
History.....	1,372
Travels.....	605
Magazines.....	537

General Literature.....	513
Natural Science.....	445
Satire and Humor.....	430
Biography.....	410
Social Science.....	326
Religion.....	144
Fine arts.....	142
Useful arts.....	134
Philosophy.....	117
Philology.....	76
Total.....	20,505

Financial.

Amount received for fines.....	\$40 71
Amount received for books lost and paid for.....	3 81
Amount received as a gift.....	5 40
Total.....	\$49 92
Amount expended for cleaning.....	\$8 48
Amount expended for express.....	5 00
Amount expended for sundries.....	3 73
Paid to the trustees.....	32 71
Total.....	\$49 92
Valuation of books.....	\$3,900
Valuation of fixtures.....	285
Total valuation.....	\$4,185

Books have been donated as follows:

U. S. Government.....	47
Dr. H. W. Johnson.....	13
F. B. Wight.....	12
Hon. F. D. Currier.....	9
Miss Hallie E. Wilson.....	8
Mr. T. Nakayama.....	6
Loren A. Dresser.....	2
Miss Kate R. Richardson.....	1
Thomas W. Lawson.....	1
G. W. Armstrong, Brookline, Mass.....	1
Harvard University.....	1
State of Connecticut.....	1

Back numbers of magazines have been given this year by Mrs. Ina Wilson, Miss Gussie Wertheim, Mrs. C. R. Denning, Mrs. Irving H.

Humphrey and Mr. F. B. Wight. Mr. Hiram Rowell continues to give the Scientific American week by week, which is very much appreciated by all the patrons of the reading room, young and old.

The library has taken measures to benefit by the magazine exchange instituted at the State Library, and, in that way, we have been able to obtain many periodicals in exchange for duplicates of those already in the library. These old magazines, by means of Poole's Index are veritable treasure houses of bits of information not elsewhere obtainable, and are highly valued by students, members of various literary clubs in the city, and by others working on investigations of their own.

The increase in circulation has been less this year than last. Only 1,006 more books were given out this year than last, and the percentage of fiction for the year just passed is 74, being one per-cent more than a year ago. I am unable to explain this increase in the rate, unless it be owing to the fact that few new books were added to the library until the latter part of the summer. There is a close connection between the activity of the circulation and the reception of new books. The circulation within the library has been specially good, more books being used at the rooms than ever before.

All that has been said in previous reports concerning the embarrassment resulting from our limited accommodations might be repeated here with still more force. The evil increases and patrons are more and more incommoded as the months succeed one another. It would not be surprising if this fact had much to do with the lessened increase in the circulation the past twelve months.

I am pleased to be able to report a continuance of the close dependence of the schools upon the library and to note the generally quiet and studious demeanor of the pupils when at the library.

I wish to call your attention again to the need of a supplement to the catalogue already published. Lists of titles of new books have been published from time to time in the local papers, but some more permanent and available form of publication is desirable.

I take this opportunity to express my appreciation of the work of my assistants, Miss Hutchinson and Mrs. Hodgdon, the last named especially for her careful management of the library during my absence in the spring. Also to thank the trustees for their help and evidence of confidence in me and my methods.

Respectfully submitted,

HATTIE L. JOHNSON, *Librarian.*

Respectfully submitted

W. A. BOOTHBY, *City Treasurer.*

AUDITOR'S REPORT.

BERLIN, N. H., February 15, 1903.

To His Honor the Mayor, and the City Council of City of Berlin:

I have examined carefully the accounts of the several officers for the year ending February 15, 1903, and find the same correctly kept, and properly vouched for.

I have had the treasurer add the interest money (due the city from your collector of 1896 and 1897) to his assets.

I think your Treasurer's, City Clerk's and Police Judge's books will compare favorably with any in the state.

I would make the following suggestions to the future city council:

1st. Again would recommend that the collector be paid a reasonable salary and that he stand his own abatements, (barring errors).

2nd. That the collector be given two years in which to settle his accounts with the city, and that he furnish suitable bonds good for two years which can be reduced the second year.

3rd. That the city furnish an office or desk room for the collector, and that he devote his whole time to this business. All necessary stationery and postage be furnished him free.

4th. That the collector turn in every year what taxes he may have collected (which have been omitted on tax books,) and have it added to so much more tax to be collected, instead of using it to help reduce what he may have to collect.

5th. That two per cent discount be allowed on all taxes, (polls excepted) paid before December 1st.

6th. That my request in last annual report, that some action should be taken in regard to having your ex-collectors attend more strictly to business, be enforced. I consider it a mere farce, the way it is conducted now.

7th. That a part of the collector's salary be not paid to him until he has settled in full with the City Treasurer.

8th. That a settlement should be made at once with your Collector for 1896 and 1897, (promises do not count), and the item of \$551.62 due the City from the Berlin Aqueduct Co., should be adjusted.

Respectfully submitted

N. G. CRAM, *City Auditor.*

REPORT OF FINANCE COMMITTEE.

BERLIN, N. H., February 15, 1906.

To His Honor the Mayor and City Council of the City of Berlin:

The books of the City Treasurer have been examined and compared with those of the City Clerk by your Committee on Finance, and all accounts are found to be correctly kept and vouchers are on file for all payments.

The sources from which the income of the past year has been derived have also been examined, and the City Treasurer has charged himself with the amount received, and has made a correct statement of the same in detail.

The balance of cash in the hands of the City Treasurer is \$15,974.95.

The Treasurer's report is annexed to and made a part of this report as required by the city ordinances. We herewith submit an estimate of the amount of money necessary to be raised for the ensuing year, under the various heads of appropriations.

City engineering.....	\$ 400 00
City poor.....	2,000 00
County tax.....	9,193 12

An Ordinance.

(Passed after first part of Report was printed).

AN ORDINANCE in Relation to the use of sleighs and sleds upon the public streets.

Be it ordained by the City Council of the City of Berlin, as follows:

SECTION 1 No person shall, either by himself or agent, drive any sleigh, sled or vehicle upon runners of any description, upon any public street within the limit of the city of Berlin, without having attached to the same, or to the horses or other animals drawing the same, such number of bells as shall give suitable warning of the approach of said vehicle to the persons who may be using said street.

SECTION 2 Any violation of the provisions of this ordinance shall be punished by a fine not exceeding ten dollars.

SECTION 3 This ordinance shall take effect from its passage.

Passed February 3, 1903.

Approved,

JOHN B. GILBERT, *Mayor*.

Attest.

W. A. BOOTHBY, *City Clerk*.
